The People of the World

From Vietnam to Peru to Africa to India and throughout the world, it is the people who make travel so exciting and memorable!

“In September 1999, Atlanta lawyers, Kelly and Rich Willis, left their jobs to travel the world. This is their story.”

Well, it's as simple as that. We sold our house, put our possessions in storage, left our jobs, packed our backpacks and got on a plane.

We spent 18 fabulous months traveling through South America, Central America, Japan, Southeast Asia, India, Nepal, the Middle East, Europe, Africa and the United States. In the end, we visited 40 countries.

Throughout our 18 months of travel, we maintained 2 Go Global for our friends, family and interested strangers to keep up with our journey. We found it to be a wonderful way to tell our story.

Navigate our site and see what you think. The buttons at the top of the page will guide you through the major categories. We aspire to be both informative and entertaining and, from time to time, we think we are one or the other. Let us know.

Please come back and visit us, as we will continue to improve and update 2 Go Global with new travel information.
